Men Wanted Fled on Account of Parin Custody and Then Released on Habeas Corpus in Canada.

Washington, Dec. 12.-The government has been advised that after repeated delays the cases of Benjamin D. Greene and John F. Gaynor, who were implicated with Oberlin M. Carter in the notorious Savannah river contract scandals, and who fled to Canada to get beyond American jurisdiction, will be taken up by the privy council of England today. This tribunal corresponds in dignity and importance to the supreme court of the United States, and it is hoped by the Washington authorities to obtain from it a decision which will place the exfles under American jurisdiction.

Proceedings for the extradition of Greene and Gaynor were begun as soon as the American authorities re-ceived information that they had taken up their residence in Montreal. Accordingly an application was made and a writ was issued by an extradi-tion commissioner of Montreal. The fugitives, however, were apprehended in Quebec, to which jurisdiction they had made a sensational escape. They were taken to Montreal, and a Quebec judge immediately issued a writ of habeas corpus, which was served on the Montreal jailer. He brought his prisoners, Greene and Gaynor, back to Quebec, where a curious legal squab-ble ensued, which finally resulted in the issuing of another writ of habeas corpus by Judge Caron.
It is from this latter writ, which

permits the freedom of Greene and Gaynor within the boundaries of Quebec and exempts them from interference from American authorities, that the United States government appealed to the privy council of Eng-land. Officials of this government now believe that every legal obstacle has been removed and that a final de-cision will be reached soon.

Several cases involving large prop-erty interests are awaiting further action because of the necessity of the presence in the United Statés of Greene and Gaynor, who are defendants. Should the decision of the privy council be favorable to the conten-tion of the United States, it is believed that little time will clapse before Greene and Gaynor, through extradition proceedings, are again safely un-der American jurisdiction.
